**His Last Message a Pathetic Appeal for Assistance.**

**Fugitive from Seattle Expires in Placerville.**

(BY A. P. NIGHT WIRE TO THE TIMES.)  
SEATTLE (Wash.) June 17.—W. R. de Larm, promoter of the Columbia River Orchard Company, and its allied corporations, which sold \$5,000,000 bonds, now entirely worthless, died at Placerville, Cal., last Saturday according to a dispatch received here today. De Larm was a fugitive from justice, having been indicted at Portland, Or., for using the mails to defraud.

The dispatch telling of De Larm's death was received by his former attorney, Frank F. Green, a few hours after the receipt of a letter written by De Larm, in which he made a pathetic appeal for aid, saying he was destitute. The letter begged for money to take him back to his relatives in Massachusetts.

**HIS SOCIAL WAYS.**

De Larm, accompanied by his wife, appeared in Everett, Wash., several days ago and immediately began to organize manufacturing companies and to sell stock to the people with whom he became acquainted in a social way. The companies always failed. De Larm appeared so honest that the investors harbored no ill-will toward him.

After exhausting his credit at Everett he came to Seattle and organized the Columbia River Orchard Company, the Washington Orchard, Refrigeration and Fruit Company and allied concerns, and sold bonds to small investors through various land companies. According to De Larm's story, he sold the bonds to the land agents for what he could get and the agents disposed of them at par, frequently exchanging them for real estate. De Larm sold himself and exchanged the bonds for real estate or mortgages he disposed of the property to money lenders at a normal discount. His own testimony was that De Larm had no business capacity, and the enormous profits of his get-rich-quick companies enriched shrewd men.

**INTEREST DUE.**

When an interest payment on the bonds fell due last February De Larm could not pay the coupons, nor could he meet other obligations of the company. De Larm fled. Mrs. De Larm went to Michigan and her husband to Placerville, both under assumed names.

De Larm was on the verge of nervous prostration when the crash came. He hid out for a time in Sacramento. Then he went to San Francisco, then Sacramento and finally to Placerville, where he died of paralysis.

**DEATH CAME SUDDENLY.**

(BY A. P. NIGHT WIRE TO THE TIMES.)  
PLACERVILLE, (Cal.) June 17.—Warren de Larm, arrested here today, died at the city hospital and went to work in a construction crew of the Western States Electric Company. During the day he complained of feeling ill and in the evening at 9 o'clock.

**"HONOR CONVICT" GETS AWAY.**

Escapes From the Oregon Penitentiary Under the Rules of Gov. West Said to Average Three Months.

(BY DIRECT WIRE TO THE TIMES.)  
RALEIGH (Or.) June 17.—[Exclusive Dispatch.] Another "honor man" among the Oregon penitentiary inmates, James Rufus Dixon, broke out last night when under cover of darkness he fled from the crowd crew located at Sublimity. He is L. J. McDonald of Portland, committed from Multnomah county, and was serving a term for larceny.

A News of the escape leaked out today despite efforts by the prison officials to suppress it.

Despite the fact that every sheriff in the State has been asked to apprehend William Penn Will, the convict who escaped from the State a week while working in the brick yards, no trace has been secured. He was reported to have been seen in a crowd consisting of slaying his stepfather.

Escapes of honor men are said to have averaged three a week for over a month past. In all 45 honor men have escaped since the honor system was turned over. Of these, 16 were killed, 20 in Federal prisons, and one was killed.

Former Wife of a Los Angeles Man Will Go to Pennsylvania to Share More Largely in Division of Estate.

(By Federal Wireline) [See to the Times.]  
SAN FRANCISCO BUREAU OF THE TIMES, June 17.—[Special Dispatch.] To circumvent a decree of the Superior Court of San Francisco declaring her an incompetent, and which precluded her from inheriting an inheritance of \$100,000 from the estate of her father, Mrs. Viola Webb De Latimer has applied for an allowance of \$800 from her own estate that she may visit her father.

The matter came before Judge Trout of the Superior Court today, but which precluded her from inheriting a city of Judge Coffey, in whose court Mrs. De Latimer's tangled affairs is pending. In the east Mrs. De Latimer has been unable to establish a residence and seek restoration of property which was refused her by a jury in Judge Coffey's court, last September. The inheritance which the local judgment of incompetence withholds from her is from the estate of her father, late Peter L. Kimberley of Sharon county, Pa. Already she has had \$50,000 from that source but may still be alleged in papers of file with the court, has been spent in dissipation and drink.

The Pennsylvania court refuses to pass over the last bequest of the guardian of her property, the California Pacific Title and Trust Company, which she is under a legal cloud of incompetency.

Mrs. De Latimer was formerly the wife of a Los Angeles man, and whose testimony heretofore given in the court is that her drinking was one of the causes of their separation and divorce.

He declares that by the terms of the will his son was given \$25,000 worth of property and that the mother upon being appointed his guardian, consented to a compromise among the beneficiaries of the estate, which was valued at \$13,000. He affirms that although the mother occupies a doubly dubious position toward the boy, their interests are adverse. The father requests that the Savings Bank and Trust Company of San Francisco be appointed guardian and attaches to his petition the written consent of the bank to act in that capacity. The petitioner resides at Lost Hills. Kern county.

The Maryland will cruise to San Francisco and Los Angeles, making stops in each of those harbors, and returning here to bring the naval militia home two weeks hence.

On the report made by Capt. Kilgus, as to the fitness of the men of the Oregon Naval Militia depends the future of that organization, Capt. Kilgus will make regular reports on the cruise to the Navy Department at Washington. If the material in the militia is believed unsuited, the reports will go to state, and should the men be found of stuff that makes for the militia, a creditable organization will be set forth, and the Governor will judge whether the militia officers are confident that the cruise is the beginning of better times for Oregon, as all trouble has been expanded, they maintain, with the Governor's action in commissioning Capt. # Roosevelt Fails to "Convert" Any of Taft's Delegates.

Not  
"I WANT 'EM!"  
CRIES COLONEL

Cries Like a Baby for the  
Taft Delegates.

First He Only Wanted a  
Popular Indorsement.

But Now He Wants Things  
that Are Not "His'n."

BY GEORGE A. VAN SMITH.  
(By Federal Wire.) Line to the Times.  
CHICAGO BUREAU OF THE  
TIMES, June 17.—[Exclusive  
Dispatch.] The confidence of the Taft managers  
was exhibited tonight in the following  
statement issued by the Taft Bureau:  
"That President Taft has an entire  
number of votes for his renomination  
has been conceded by Col. Roosevelt  
throughout the day. This concession  
takes the strongest possible form—  
frankly stating that Taft delegates  
will vote for him. The fact that  
nothing is being done by the Taft forces  
to induce Roosevelt delegates to desert  
and go to Taft."

WHAT HE WANTS.  
"Since coming to Chicago Col.  
Roosevelt has completely abandoned  
his strenuous insistence that all he  
wanted was the popular expression of  
the people. He now wants delegates  
who are instructed for Taft and  
wants them badly. To get them his  
press bureau grinds out bulletins  
hourly and his workers spread rumors  
continually of desertions from the  
Taft ranks. When names are given in  
these statements they have been  
speedily denied by direct statements  
from the delegates themselves."  
"In addition to the 'personal' work  
the Roosevelt people are doing with  
the Taft delegates, a further confession  
of weakness—and also the strongest  
possible confession—is the hastily  
prepared programs to interrupt the  
orderly procedure of the convention  
by 'rough work'."

NEW ROLE.  
"That Roosevelt's new role has been  
assumed too late to accomplish any  
thing except to advertise his own  
undoing is evidenced by the following  
actual happenings with respect to  
the delegates who are being so  
sincerely sought:  
"Arkansas will vote its solid vote  
for Mr. Taft."

"Florida held a meeting today and  
unanimously agreed to vote for Taft.  
First, last and all the time."  
"The majority of the delegates  
from Georgia just arrived here today.  
They had an unfortunate collision on  
the railroad which prevented some of  
them from coming in until late.  
With the exception of but one delegate,  
the State will be solid for Taft.  
A day or two ago the names of two  
or three delegates were given out by  
the Roosevelt people, who claimed  
that they had deserted and were now  
for R. R. These delegates, however,  
stated today that their names were  
used without authority and that they  
have no thought of violating their  
instructions."

GREAT ENTHUSIASM.  
"The Louisiana delegation met to-  
day, and amid great enthusiasm de-  
clared for President Taft, first, last  
and all the time."  
"Much claim has been made by the  
Roosevelt people concerning Missis-  
sippi. It seems that all the forces  
of the leaders of the Roosevelt crowd,  
from its chieftain down, have been  
concentrating their efforts on dis-  
seminating, but a careful canvass of  
that State today shows that their efforts  
have been fruitless. There has always  
been one delegate from that State  
that the Taft people have not been  
expecting to remain loyal."

"There has been no desertion in  
Missouri. Remember these people  
are from Missouri."

"The delegates from South Caro-  
lina came into the State late last  
night, and all with the exception of  
two called at Taft headquarters and  
pledged their loyalty."

"As yet no claim has been made  
as to desertion from Tennessee. As  
every State has been tried, a claim  
may be put out at any moment, but  
our friends can rest assured that  
Tennessee is as solid as the rock of  
Gibraltar."

FOR TAFT.  
"Texas held a meeting today and  
not only did all the Taft delegates  
from that State enthusiastically de-  
clare themselves for President Taft,  
but one so-called Roosevelt man de-  
clared his intention of supporting Mr.  
Taft."

"The delegates from Virginia held  
a meeting today to select their com-  
mittee. All delegates were present  
except two, and they unanimously  
declared for President Taft."

"The complete list of blow and bluster  
is about ended and there is no  
desertion in the ranks of the Taft  
people. President Taft is entitled to  
a renomination and it is proposed to  
use all honorable means to obtain it  
for him. This is the third day  
that Roosevelt has tried to use a  
stampede by misrepresentation of  
facts and claims of desertion from  
the Taft ranks and for the third time  
it has signally failed."

"Let each Taft man do his duty  
tomorrow and there will be no doubt  
as to the result."

special forecast for convention week.

CHICAGO, June 17.—[By A. P.

year-old "Dixie belle," was the object  
of much attention last night among  
many of the wives of delegates to the  
convention. The little girl was left in  
far-away Alabama by her parents,  
Mr. and Mrs. Oscar R. Hundley, when  
they called Chicago a week ago for the  
convention. Her parents grew ho-

lomesick and wired the negro nurse

Margaret and the nurse arrived at the

home since her parents left and now  
another party is being arranged for  
her.

## GAYNOR AND FOSS BOOMS ARE LANDED IN BALTIMORE

(BY A. P. NIGHT WIRE TO THE TIMES.)

BALTIMORE (Md.) June 17.—  
Two "dark horse" booms for the  
Democratic Presidential nomination  
were informally discussed here  
today by national committeemen.  
The booms were for Mayor Gaynor  
of New York and Gov. Eugene N. Foss  
of Massachusetts.

Whether the movement in behalf  
of Mayor Gaynor is being encouraged  
by Charles F. Murphy, leader of Tam-  
many Hall, could not be learned here,  
but those directing the Wilson cam-  
paign said they had been informed  
that Leader Murphy thought New  
York should make no choice for Pres-  
ident until after the Chicago conven-  
tion.

The movement for Foss was  
launched by Frank Hendrick of New  
York, who said that Gov. Foss's plat-  
form was the immediate reduction of  
the tariff and reciprocity with Can-  
ada.

Regarding the repeated reports that  
the New York, Indiana and Illinois  
delegations would unite to make the  
Presidential nomination, committeemen  
said today that all the forces of the  
leaders of the Roosevelt crowd, from  
its chieftain down, have been con-  
centrating their efforts on dissemi-

## JUST BEFORE THE BATTLE IS OPENED.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO BUREAU OF THE  
TIMES, June 17.—[Exclusive  
Dispatch.] Weather forecast:  
Generally fair and cool.

Crisis to come when Califor-  
nia is called on to vote for tem-  
porary chairman. Gov. John-  
son will announce twenty-four  
votes for Borah and two for  
Root. Gov. Hadley of Missouri  
will protest the vote and the  
battle will be on.

Texas Taft men in caucus  
ousted Cecil Lyon as national  
committeeman.

Gov. Deneen notifies Roose-  
velt that the Illinois delegates  
will insist upon lawful and or-  
derly procedure in convention  
and will resist any attempt to  
seize control by force.

Senator Borah chosen by the  
Roosevelt camp as candidate  
for temporary chairman. Gov.  
McGovern of Wisconsin, who  
had formerly been agreed upon,  
dropped because of objections  
by the Wisconsin delega-  
tion.

No additional converts re-  
ported by the Roosevelt camp.  
Fifteen Roosevelt delegates said  
to have intimated that insur-  
rections should be as binding upon  
southern states as they are upon  
northern delegates, indicating  
they would bolt to Taft if the  
"sumash" hunt for shaly  
delegates continued.

Roosevelt men declare not a  
single contested delegate seated  
by the National Committee.  
The alternative is a separate con-  
vention.

Final orders given 250 picked  
policemen who will have con-  
trol of the convention. Rigid  
measures will be taken to keep  
out all but those having proper  
tickets, and disorder will be  
sternly repressed.

An emergency hospital at the  
Coliseum fully equipped for  
"trouble" with sixty daily all-  
time shifts on duty all time.

Taft and Roosevelt agents as-

lette camps in house of aid, but

Arrival of delegates.

Marching bands awaken sleepy  
Chicagoans early as they escort  
La Follette to the hotel.

BY A. P. NIGHT WIRE TO THE TIMES.  
CHICAGO, June 17.—Chicago had  
not fully awakened today when the  
strains of lively music announced the  
arrival of convention delegates.  
From the various depots lines of quick  
stepping marchers and straggling  
bodies of ribbon-bedecked delegates  
began to pour into the region about  
the headquarters hotel. The day  
promised to witness the arrival of  
the greater part of the 550 delegates and  
altercations and the thousands of spec-  
tators and enthusiasts who came to  
swell the convention throng and add  
to its enthusiasm.

From Nebraska there came on an  
early train a crowd of over 100 "boost-  
ers" led by Gov. Chester H. Aldrich  
and all enthusiastically applauding  
the arrival of the delegates.

At the present time there seems to be  
no available store in a desirable location  
large enough to accommodate their tremen-  
dous stock and should they take a small  
or building it would be necessary to place  
a part of their stock in a warehouse or  
mercantile out of quarters.

However, the fact that they owe money  
on their goods would make such a course  
impossible, as their creditors would not  
stand for it a moment.

"We have only one alternative," said Mr.  
Herington, senior member of the firm, when  
asked what he intended to do, "and that  
is to clean out every suit and article of men's  
summer furnishings in record time.  
We are simply forced to do so, and conse-  
quently offer bargains unprecedented in the  
history of bargains giving in this city—value  
unobtainable."

"No matter how small the needs of father  
or son, they can now be purchased here  
from one-half to one-third of what they  
usually pay for the same quality elsewhere."  
"While we have had numerous sales in  
which great money-saving values have been  
offered, nothing can compare with what we  
are now offering. They are values long to  
be remembered."

"Undoubtedly we are offering the swiftest  
expressions in men's clothing, superb in ma-  
jor workmanship, carrying out the most  
fashionable demands in fabric that can be  
found at any price, and at a more fraction  
of their intrinsic value."

"We have no idea where we are going  
or what we are going to do. But one thing,  
while we are sure of a roof over our heads  
to shelter us, we are going to turn our treas-  
ureous stock into cash, if demolished prices  
on reasonable goods will do it."

THE PRAYER.  
After the opening prayer and the  
reading of the call for the convention,  
National Chairman Roosevelt will  
announce Senator Root as the National  
Committee's choice for temporary  
chairman. The Hon. Hon. Hadley of  
Missouri will be recognized to present  
the name of Senator Borah. The  
Roosevelt candidate for temporary  
chairman.

If at this point the Roosevelt forces  
offer their temporary roll, striking out

the names of seventy-eight contested  
Taft delegates, the motion to substitute  
it for the committee's roll will be  
declared out of order, as in viola-  
tion of all parliamentary rules and  
party precedents.

If, when the roll call is started, and  
objection is made to allowing dele-  
gates whose seats will be contested  
before the Credentials Committee to  
vote, that objection will be ruled out  
of order or overruled.

There may be roll calls, one after  
the other, taking up many hours.  
Every effort is being made to keep the  
debate and angry exchanges of  
opinion to a minimum.

TO BREAK THE MARGIN.  
All the time these proceedings are  
going on, the Roosevelt leaders  
will be striving to break down  
the narrow margin Taft appears to  
have above a majority of the whole  
convention. But in connection with  
attempts to break the Taft strength  
and bring it below the 540 mark, it  
must be kept in mind that while the  
margin in the Presidential favor is  
very narrow, the Roosevelt strength,  
as it appears on paper, is far short of  
the margin in the Presidential favor.

LA FOLLETTE STRENGTH.  
La Follette, as it now appears, may  
have greater strength than has been  
credited to him. He has delegates in  
South Dakota, and it was asserted  
tonight—the matter having been kept  
under cover previously—that all ten  
of the State's votes could be com-  
manded by La Follette on the first  
ballot as a result of complications in  
the primaries.

On a second ballot, if one were  
necessary, five of the delegates would  
go to Roosevelt because of the in-  
structions in connection with the pe-  
culiar ticket on which they ran for  
election. The La Follette plan, how-  
ever, is to divide the vote on the first  
ballot and force a second ballot.

There was hope among the Roose-  
velt leaders tonight that a majority  
for Roosevelt would show on the tem-  
porary roll even as prepared by the  
National Committee before the first  
ballot of the convention floor.

In this connection many votes for  
Borah as temporary chairman were  
claimed from Virginia, Tennessee and  
other Southern States that have in-  
structed Taft delegations. The vote  
of North Dakota also was claimed for  
temporary organizational purposes.

The Taft leaders declare that these  
claims are of one piece with the  
"stampede" that was started on Sun-  
day. They had their State leaders  
in the South make round-trips and de-  
clared that with the exception of in-  
sulated cases, where delegates had been  
won over, their ranks were standing  
firmer than ever on every propo-  
sition.

Mr. Barnes of New York assured  
the Taft headquarters that Senator  
Root would show the 550 votes for tem-  
porary chairman.

ARRIVAL OF DELEGATES.

Marching bands awaken sleepy  
Chicagoans early as they escort  
La Follette to the hotel.

BY A. P. NIGHT WIRE TO THE TIMES.  
CHICAGO, June 17.—Chicago had  
not fully awakened today when the  
strains of lively music announced the  
arrival of convention delegates.

From the various depots lines of quick  
stepping marchers and straggling  
bodies of ribbon-bedecked delegates  
began to pour into the region about  
the headquarters hotel. The day  
promised to witness the arrival of  
the greater part of the 550 delegates and  
altercations and the thousands of spec-  
tators and enthusiasts who came to  
swell the convention throng and add  
to its enthusiasm.

From Nebraska there came on an

## ROOT'S POLICY IS ANNOUNCED.

Will Tolerate No Interruption of the Roll Calls.

Further Fighting Should Go to Credentials.

Roosevelters Have New Plans to Land the Colonel.

**BY DIRECT WIRE TO THE TIMES.**  
CHICAGO BUREAU OF THE TIMES, June 17.—(Exclusive Dispatch.) Senator Root, the Taft choice for temporary chairman, was emphatic in declaring tonight that no interruption of the roll call should be permitted. If there are contests, he declared, they should be submitted to the Credentials Committee and there fought out. He sat in a conference with Senator Penrose and Dr. Nicholas Murray Butler over the situation and they agreed that the temporary roll of the convention, as prepared by the National Committee, must be regarded as inviolable until superseded by a new roll prepared by the convention itself.

**NO INTERRUPTION.**  
After the conference, Mr. Roosevelt was advised that he should permit no interruption of the roll call. Proceedings in the proceedings of the House of Representatives against any interruption were cited.

**LAST EMERGENCY.**  
To provide for this last "emergency," the Roosevelt managers today had several "firebrands" seated on the Credentials Committee. Chief firebrand is Francis J. Heney, the San Francisco "fighting" prosecutor, who kicked up such a ruction in the National Committee rooms where he sat as a proxy. He is relied upon to battle every inch of the way.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

WARM SESSION  
WAS EXTENDEDPasadena Board of Education  
on the Griddle.Friends of Former School  
Principal Are Combative.Contractor Says that a Deal  
Made Was Illegal.

(BY DIRECT WIRE TO THE TIMES.)

PASADENA, June 17.—(Exclusive  
Dispatch.) The members of the  
Board of Education were put through  
a righteously heated session by the  
committee appointed following the  
mass meeting held after the dismissal  
of Principal Leroy D. Ely of the  
Pasadena High School and Assistant  
Superintendent of Schools A. L. Ham-  
ilton.The committee assembled at the of-  
fice of the chairman, George F. Cary,  
across the hall from the Board of  
Education rooms in the fifth floor  
of the Chamber of Commerce build-  
ing, and walked into the school rooms  
in a body. Each member had pre-  
pared a list of questions to ask the  
school trustees and the conference  
was a warm one.I. N. Smith, one of the members of  
the board, while being questioned de-  
clared the grilling was too severe and  
threatened to leave the room.From the information gained the  
committee will later make a report.The evening meeting followed one  
held earlier in the day, and although  
Fred E. Wilcox, one of the members,  
declared it would be technically be-  
called an adjourned meeting, the pro-  
ceedings took place behind closed  
doors, the press having been exclud-  
ed after a spirited debate between the  
members of the school board, who de-  
clared secrecy, and the investigating  
committee, who asked that the meet-  
ing be open to the public.The question was put to a vote, the school  
trustees voting for a closed meeting  
and the committee members declin-  
ing to vote at all.All of the members of the board  
were present although W. F. Knight,  
the one member who voted against  
the dismissal of Ely, came late. The  
committee besides Cary consisted of  
F. H. Johnson, F. W. McNamee, Wil-  
liam H. Reeves and John B. Miller.  
Miller was not present. A letter  
from Prof. Ely was read in which he  
declared he will not in any case con-  
sider reinstatement. The committee,  
however, will not relinquish its work.  
Another meeting will be held.

SAYS CONTRACT IS ILLEGAL.

In a communication that was read  
before the regular weekly session of  
the City Board of Commissioners yes-  
terday morning, George Christolm,  
unsuccessful bidder for the contract  
for parking South Orange Grove ave-  
nue declares that the contract is  
illegal and that the city may be en-  
joined from paying the firm of  
Corrigan Brothers for the work.He says that the specifications were  
changed after the contract was let.Mayor Thum declared that when  
the bids were advertised none of the  
Commissioners knew that the water  
company had run service pipes to the  
curb.R. B. Sherman, the forester that  
claimed the city was infringing on a  
patent he holds in finishing work that  
he began toward preserving street  
trees yesterday appeared before the  
Board of Commissioners. The Com-  
missioners decided to allow him to  
complete the work himself.

A PRETTY WEDDING.

Miss Florence Burr, daughter of  
Mr. and Mrs. Robert Burr, of No. 1111  
North Los Robles avenue, and Eugene  
H. Randolph, son of Mrs. S. D. F.  
Randolph, of No. 147 North Main  
avenue, a well known local writer and  
club woman, were married at 7:30  
o'clock last night at her home of No. 1110  
North Garfield avenue.Both the bride and the bridegroom  
are very popular. They are promi-  
nent members of the First Baptist  
Church, where Mrs. Randolph is pres-  
ident of the Beta Alpha Society and  
Mr. Randolph is president of the Beta  
Alpha class. He is connected with the  
Hems Telephone Company. They were  
fourteen present at the cere-  
mony. Rev. Albert Schermer Smith  
officiated. The house was handsomely  
decorated with sweet peas and Miss  
Irene Burr, a sister of the bride,  
acted flower girl.Mr. and Mrs. Randolph left last  
night for a week's trip, after which  
they will make their home at No. 1110  
North Garfield avenue.

IS GIVEN ROAD.

A horse hitched to a laundry wagon,  
with no driver on the seat, raced  
through the streets of Pasadena yes-  
terday morning, spilling out the  
packages of laundry as it ran,  
without injury to itself or any one.  
It started at the corner of Holly street  
and North Fair Oaks avenue and  
finally came to a standstill on South  
Fair Oaks avenue near the Salt Lake  
tracks. The horse and wagon are  
the property of the Royal Laundry  
Company.

SCALE DIFFICULT PEAK.

A party made up of Mr. and Mrs.  
C. E. Smith, Mr. and Mrs. George  
Parkhurst, J. E. Cary and A. C.  
Terrill climbed Strawberry Peak from  
Britter's Camp, in the Arroyo Seco,  
last Sunday, going over a trail that is  
considered to be practically impos-  
sible. This trip is one of the hardest  
in the mountains near Pasadena.

EXTEND THEIR THANKS.

Members of John F. Godfrey Post,  
Grand Army of the Republic, have  
adopted resolutions expressive of their  
gratitude to Congress for the passage  
of the bill pensioning all surviving  
veterans of the Civil War. President  
Taft also is thanked for his part in  
making the new law.

been let.'Artists' materials at Wadsworth's.  
It has been the custom of each  
graduating class in the Alhambra  
High School to present a gift to the  
school and the class of 1912 has been  
particularly happy in the choice of its  
gift. They have caused to be erected  
on the lawn to the west of the main  
entrance a seventy-five-foot steel flag  
pole, from which will fly an enormous  
American flag. The presentation will  
be made by Edward Llewellyn Emmet,

SUE SHARP RESPONSE.Newspaper Prints Caustic Criti-  
cism Relative to the Behavior of  
Youngsters While in Church.  
Pacific Electric Will Build Line to  
City of Torrance.RECONDON BEACH, June 17.—The  
students of the High School have  
taken exception to editorials appear-  
ing in the Redondo Reflex, which crit-  
icized the students' behavior at reli-  
gious services and charged the teach-  
ers with inconsistency in advocating  
inexpensive graduation gowns, while  
insisting on high-priced engraved in-  
vitations purchased from an out-of-  
town firm.The student body in reply has drawn  
up resolutions, which were printed in  
both local papers, in which it is stated  
that the criticism is unjust and un-  
called for, inasmuch as offending par-  
ties are not under the jurisdiction of  
the High School at public meetings.The resolutions further state that "who has  
occasion to criticize the High School"  
before the student body or the pub-  
lic press.

evening in the ball-room of Hotel

Electric Company for a line from this  
city to Torrance, the new industrial  
city. The right of way has also been  
given by the Dominguez estate for an  
automobile boulevard on either side  
of the electric line. The Dominguez  
estate will contribute largely to the  
building of the boulevard.Mrs. M. C. Boelinger has pur-  
chased the John Wolfkill property  
on the corner of the Esplanade and  
Ruby street through Al Quintaval

GLENDAL NOTE.

GLENDAL, June 17.—Miss Nettie

RAINS EXCHANGE.

DINUBA, June 17.—W. J. Deck-  
man has been elected as the Dinuba  
district representative of the Cali-  
fornia Raisin Exchange, and work of  
organizing the district will be con-  
tinued with all possible dis-  
patch until the marketing season  
opens. It is reported that whereas  
five months ago the total acreage  
of the exchange included but 100  
growers, there are now on the list  
no less than 175 raisin men, who  
have pledged their support to the  
operating market plans.Famous Dancer Gives  
Complexion SecretsVenice Issue Is Declined by  
Los Angeles Brokers.Error in Advertisement Will  
Delay School Opening.Bay Masons Preparing for  
Great Annual Ball.VENICE, June 17.—School of-  
ficials were crestfallen today when  
they learned that the bidders on the  
\$60,000 school bonds would probably  
turn them down because of an error  
in the advertisement. A new resolu-  
tion printed in a local newspaper.  
The plan to get three schoolhouses built in  
time for the reopening of school in  
September is now hopeless, and  
more than 750 pupils will be clamor-  
ing for admission into Venice's one  
grammar school when school re-  
opens.In the reading of the proof of the  
advertisement of the bonds the buy-  
er failed to catch the inadvertent  
substitution of a "4" for a "3," and  
instead of "39," and was printed for  
four weeks. The copy was sent up-  
ward and received the O.K. of the  
School Board, City Attorney, District  
Attorney, County Superintendent of  
Schools and Board of Supervisors.  
The buyers of the bonds, represented  
by Attorney Milligan of Los Angeles,  
discovered the error today, and in-  
formed the local board that, because  
of the error, the bonds could not be  
considered legal, and that the pro-  
ceedings would have to be gone  
through again, necessitating a delay  
of at least six weeks. This delay will  
prevent the erection of the buildings  
in time for the reopening of school  
on September 25.Dr. W. M. Kendall, president of the  
School Board, went to Los Angeles  
today to make an appeal to the buy-  
ers to pay into the treasury the \$60,  
000, so that the work of building the  
schools could proceed. The error of  
the type in the advertisement to be  
corrected as soon as possible. But  
the buyers were obstinate on this  
point, and a new resolution was  
passed and the advertisement re-  
printed correctly.At the premium offered for the  
bonds was \$1200, and the inter-  
est is but 4 1/2 per cent. It is  
hinted that the brokers are hesitat-  
ing more because of the low rate of  
interest than the technicality of the  
typographical error. The School  
Board decided to decide on the City  
Attorney whether or not the buyers  
of the bonds can go back on their  
bargain because of irregularities dis-  
covered after they had accepted them.

AUTO STOLEN.

Venice police were today notified  
that the automobile driven by Char-  
les Banks of Los Angeles, who was  
arrested yesterday for reckless driv-  
ing, was stolen. Banks is due before  
the City Recorder for hearing to-  
morrow, being at liberty on \$10 bail.  
If he appears, which is considered  
unlikely, he will be queried about the  
ownership of an automobile which he  
partially demolished another  
machine yesterday.

MASONIC BALL.

Masons of the Santa Monica Bay  
district are making final preparations  
for their grand ball, under the  
auspices of the Masonic Temple Club,  
which is to be held Tuesday, June  
25, in the Venice Auditorium. The  
ball is an annual affair, and attracts  
great throngs of the elite here every  
year. The committee, which has  
charge of the ball, is composed  
of the following: D. W. Baker,  
C. H. Ritchie, C. S. Thatcher, T. H.  
Walters, James T. Foster, James T.  
Brown and F. C. Wolf.The patronesses of the affair are:  
Mrs. D. W. Baker, Mrs. J. J. Haney,  
Mrs. T. H. Hannes, Mrs. A. R. Fraser,  
Mrs. J. B. Dales, Mrs. C. H. Ritchie,  
Mrs. Ward Woodward, Mrs. F. C.

I've learned the secret of Dolores' en-  
trancing beauty—the wonderful charm that  
has charmed the courts of Europe and cap-  
tivated vast audiences everywhere. The fa-  
mous dancer abhors makeup and cosmetics.  
I, too, despite the strenuousness of her life, she  
described as "indescribable."  
The incomparable complexion best  
friend tells me the secret regularly uses  
on her face what I suggest now as men-  
tioned was. This is applied at night in the  
bath, and your drug store has it. It is a  
secret of Dolores' beauty, and a fair,  
soft, fresh, girlish complexion is always  
in evidence.Dolores' skin is not marred by a single

Milady's Toilet Table

By MRS. D. M. LEE

"For dark and discolored skin, enlarged pores, blotches and other facial blemishes a simple lotion made at home is highly recommended. Dissolve one-half ounce of borax in a pint of water, add a few drops of lemon juice and rub a little on the face, neck and arms each morning. It is better than powder, for it tends to correct facial complexion and makes the skin soft, smooth and youthful looking."

"Facial powder applied to thin and straggly eyebrows with finger tips causes them to grow in thick and beautiful. Eye-lashes will come in long and curly if powder is applied to the roots with forefinger and thumb."

"A dry shampoo refreshes the scalp, removes dandruff and keeps the hair clean and healthy. To make the shampoo powder, mix four ounces of powdered corn meal with an original package of talcum. Sprinkle a few drops of water on the hair, brush it out thoroughly—and you will be delighted with the result."

"An effective and satisfactory method of removing superfluous hair is to apply delicate hair cream to the hairy parts, allow to remain two or three minutes, then wipe off. This cream will come in long and curly if powder is applied to the roots with forefinger and thumb."

"To make the hair beautiful, light and lustrous, mix four ounces of powdered corn meal with an original package of talcum. Sprinkle a few drops of water on the hair, brush it out thoroughly—and you will be delighted with the result."

Piles, Fistula, Fissures and Hernia

Most Time Saving. Most Natural. Most Safe. No Detention from Occupation, Family or Home. A Radical and Permanent Cure.

I invite you to come to my office. I will explain my treatment for Hemorrhoids, Piles, Fistula, Varicose Veins, Pelvic, Nervous, Blood, Kidney, Bladder and Rectal Diseases.

Piles, Fistula, Rectal Diseases. These diseases are very common; most frequently found in persons of middle or advanced age; are exceedingly annoying, often very painful, and sometimes very dangerous, and frequently result in one of the most serious complications of the human system. My treatment is highly original. I cure Piles without cutting. If I do not cure your Piles, Fistula and Rectal Diseases, my treatment does not cost you anything. Gentleness in treatment comes from treating many cases. I guarantee a cure of Piles, Fistula, Ulcers and all curable Rectal Diseases.

Trusses Seldom Cure Ruptures. Discomfort for existing Hernia has cost many lives. The smallest hernia are the most dangerous, because of the increased liability to strangulation. I am aware that a great deal of fraud has been practiced in connection with the alleged cure of ruptures. I say positively that I cure Ruptures, in any case. I cure with perfect safety, and entail no suffering, and do not detain you from occupation.

Written Guarantee. Dr. Tillotson's written guarantee means a cure or no pay for service. I guarantee to cure certain diseases or refund every dollar you have paid me. My service costs you nothing unless I cure your Varicose Veins, Hemorrhoids, Piles, Fissures, Fistula or any disease. I guarantee to cure. My terms are reasonable and no more than you are willing and able to pay.

NATURE'S S.S.S. PERFECT TONIC

Something more than an ordinary tonic is required to restore health to a weakened, run-down system; the medicine must possess blood-purifying properties as well, because the weakness and impurity of the circulation is responsible for the poor physical condition. The blood does not contain the necessary quantity of rich, red corpuscles, and is therefore a weak, watery stream which cannot afford sufficient nourishment to sustain the system in ordinary health. A poorly nourished body cannot resist disease, and this explains why so many persons are attacked by a spell of sickness when the use of a good tonic would have prevented the trouble.

In S.S.S. will be found both blood-cleansing and tonic qualities combined. It builds up weak constitutions by removing all impurities and germs from the blood, thus supplying a certain mean for restoring strength and invigorating the system. The healthful S.S.S. is composed of the most delicate and purest of the systems which are delicate from any cause. It is Nature's Perfect Tonic, free from all harmful minerals, a safe and pleasant acting medicine for persons of every age. S.S.S. aids the body of that tired, worn-out feeling so common at this season, improves the appetite and digestion, tones up the stomach, acts with pleasing effects on the nervous system, and reinvigorates every portion of the body.

### TEARS BAPTIZE "GIRLS' COURT."

Pitiful Scene at Trial of "Blonde Burglar."

Girl-on-the-Roof Gets Four Years at Whittier.

First Juvenile Hearings at New Detention Home.

Judge Wilbur of the Juvenile Court took his court to the detention girl at the new Detention Home yesterday, instead of having the girls paraded through streets and public buildings to the regular courtroom. It was all very informal, all very "homey," and entirely devoid of the elaborate stage setting which goes with a regular courtroom scene. The judge simply sat down with the girls and talked it over with them and with their parents. The effect was remarkable, restraint dropped from them and they talked without nervousness.

The first case called was that of Olga Newberg, the pretty golden-haired girl of 17 who attained notoriety a fortnight ago as the "laughing blonde burglar," who defied the police from the ridge pole of a house at No. 2118 West Pico street, and who finally confessed to two robberies after attaining entrance by professing to be "very tired," and requesting the use of a room in which to rest after a long automobile or motorcycle trip.

It was a chastened and penitent "blonde burglar" who faced Judge Wilbur. She knew that she had done wrong, she said, but she knew better now and wanted another chance. To this plea the girl's mother added her own, but the court was not swayed by the plea. The girl's first appearance before the juvenile court was the first time she had been away from the Dorothy Hope Home twice. After her arrest she told the police she would rather go to the Whittier, but that is where she is going, just the same, for the judge committed her to Whittier for four years, or until she is 21 years old.

#### AFFECTING SCENE.

Following the commitment there was an affecting scene between mother and daughter, who wept their arms about each other and sobbed out their misery. The girl was neatly dressed in a sailor suit, with her wealth of hair surrounding a face from which all trace of the famous "laugh" was gone.

The next cases were those of Anna Stark and Margaret Guilan, who left home to see the world from the backs of two milk-white steeds. They were accompanied to court by their parents, and more closely resembled a couple of happy little schoolgirls than horse thieves.

"I just love horses," said Margaret, aged 16, "and we only started for a little ride. Then it got late and we

were afraid to go home, so we just kept on going, and camped in a canyon near San Fernando." The court pointed out that they had been guilty of something very close to grand larceny, but placed the youngsters on probation.

ON SHERMAN'S MARCH TO SEA.

Veteran Who Was Wagon Master in Memorial Campaign Is Nursed by an Old Friend.

Peter Reel, who has been many things in his time, and performed his duties with a smile, surrendered his post as operator of the Courthouse elevator yesterday to go on a two weeks' vacation.

Peter calls it a vacation, but as a matter of fact, he will install himself as nurse for his old friend, W. J. Richardson, No. 1213 East Fifth street.

Richardson, who is 75, is dying of an incurable disease. He was wagon-master for Gen. Sherman on the latter's march to the sea. He was injured in one of the engagements during the Civil War, when a mule was shot from under him.

Reel's friendship for Richardson began when the former was driving a horse car on the old Sixth-street line back in the '50's. Later both became members of the police department and cemented their friendship.

Chief Engineer Mulholland of the aqueduct will be the principal speaker of the evening, and his talk will be illustrated with stereoscopic views of the aqueduct.

Brief addresses will be made by Lieut.-Gov. Wallace and President Osborne of the Chamber of Commerce. Music will be furnished by Ahrend's band.

### WILL COUNCIL DARE DEFY MAYOR TODAY?

UNLESS all signs fall the City Council will hurl the defiance at the Mayor this afternoon and refuse to sustain him in his efforts to summarily dismiss A. A. Hubbard, president of the Board of Public Works, against whom there are no charges.

Councilman Betkouski, one of the leaders in Hubbard's fight for a "square deal," declared yesterday that at least five of the Councilmen will back the Mayor's "programme," to remove Hubbard without presenting any reasonable cause.

Friends of Hubbard declare the Mayor's brand new one-boy-power steam roller is racing under full head toward an iceberg, and that unless he backs water mighty quickly on the Hubbard matter, he and the chief props in the present administration will go down.

There will be no present demand for the wholesale resignation of the members of the Harbor Commission and Board of Public Works despite the Good Government Committee's resolution requesting the Mayor to perform this feat. The Mayor declared yesterday that he has thoroughly digested the reports of the two bodies. He characterized as "poppycock" the persistent rumor that he will flatten out both bodies before he completes his investigation.

"Such talk is foolish," he said, "After I have read the reports, I may take some action, but not before."

As the Board of Public Works report to be submitted this afternoon consists of over 1000 pages of detailed matter the Mayor says it will be at least a week before he can intelligently take specific action.

The report will recite the board's version of the troubles between it and the Harbor Commission, and account

### SCENES.

### BANK CASHIER ARRESTED ON MAIL-FRAUD CHARGES.

C. RICE, assistant cashier of the American National Bank of San Diego was arrested yesterday by Deputy United States Marshal Harry Place, charged with being concerned in a conspiracy to use the mails to defraud. The arrest of Rice is the third made in the tract as a result of the complaint prepared by Inspector Martin, recited that on February 15, last, the two Besolos and Rice, in order to carry out their alleged plan to defraud, sent a letter to a "broker" at Morenci, Ariz., soliciting him to purchase stock in the invention and setting out that the Besolos owned a large tract of land in Otay Valley, nine miles from San Diego; that purchasers of the stock would be given lots in the tract as a bonus. It was claimed that the American National Bank was acting as trustee of the defendants. He is alleged by the officers engaged in preparing the evidence in the case that all of these asserted representations were fraudulent and false; that the Besolos did not own any land in the Otay Valley; that the bank was fraudulent and false; that the Besolos had been taken into custody on a criminal charge. The couple were arrested and detained several days.

### MILLION-DOLLAR BLOCK AT SIXTH AND SPRING.

Settled Yesterday.

Plans for the \$1,000,000 skyscraper to be reared by the Merchants' Fireproof Building Company at the northeast corner of Sixth and Spring streets will be prepared by William Curlett & Son, one of the leading architectural firms of San Francisco, and designers of at least one noteworthy structure in this city—the nine-story Gates Hotel, now nearing completion at Sixth and Figueroa. The Bay City concern will maintain local offices in the Title Insurance building, and will practically handle the project in Los Angeles.

The site to be improved is known as the Howe corner, and has a frontage of 120 feet on Spring street by a depth of 155 feet on Sixth. The sale of the property by the Howe estate to W. H. Holliday, president of the Merchants' National Bank, Marco H. Hellman, vice-president of the same institution, and J. H. Adams & Co., for \$1,000,000 was reported in The Times of June 1. For the purpose of hand-

attempt of the railway companies to grab and hold control unlawfully of Alessandro street and Glendale avenue from San Fernando to the city limits, apparently with full knowledge and acquiescence of city officials, and to frustrate the scheme in bringing the true facts before the public, we therefore file the broad charge of dereliction and omission of duty of public officials."

The document then demands a public investigation to ascertain who these city officials are, if secured, that their resignations be demanded and their official bonds, if any, be declared forfeited. It then charges referred to include a long series of questions, among them being the following:

"Who delegated power to the railway to tear up and excavate in Alessandro street without authority of an ordinance and without waiver of damages? Who delegated it authority to construct a heavy concrete curb and iron fence in Alessandro street, leaving only eight or ten feet wide in front of properties? Who allowed it to make deep cuts along Lake Shore avenue, now Alessandro street?"

"Was the ordinance to vacate and abandon a long portion of Alessandro street tampered with or changed before its final passage? What right had any official to countermand the Council's order to publish the ordinance for a year and a half? Where was the ordinance kept during its mysterious absence from the public records? Was it designed to be held up until the contract of December 13, 1911, between the city and the Pacific Electric Company was put through, giving the company a perpetual franchise on most of Alessandro street? Was this contract railroad through the City Council? Why was it not passed as an ordinance instead of by motion as required by charter provisions? Who instigated and signed the alleged illegal contract agreement No. 1417?"

"Why did not the Mayor institute an investigation of the questionable Alessandro-street deal, as requested in petitions? Why should any threats come from city departments to intimidate property owners along Alessandro street for protesting against the unlawful action of the city?"

A representative of the Pacific Electric Company said last night that for more than a month public hearings were held by the Board of Public Utilities over the proposed Alessandro-street contract and that finally the contract was agreed upon and ratified by the Council.

### RECALL, SAYS BETKOUSKI.

Betskouski declared that if the Mayor pushes the Hubbard matter through the Council, recall measures will be instituted against the Chief Executive.

## Public Service: City Hall, Courts.

**SUMMARY OF THE DAY.**  
Representatives of leading steamship companies called at the Harbor Commission office yesterday for information regarding the new ordinance regulating advertising of steamships, and said they will gladly comply with its provisions.

A majority of the Aqueduct Investigating Board adopted a resolution yesterday declaring against the city disposing of any of its utilities to any private interest.

The Mayor yesterday appointed E. Storey as head of the Bureau of Fire Alarm and Police Telegraph. A chauffeur who is charged with having convinced a Kansas City girl he had married her when no ceremony had been performed, heard her declare in the Superior Court yesterday that she wouldn't marry him now because he deceived her once.

## PLAN TO COMPLY WITH NEW LAW.

## STEAMSHIP AGENCIES WILL ABIDE THEREBY.

Beginning first of July rigid laws must be taken in making Public Announcements as to the Character of Vessels and Representations to Passengers.

Harry Brent of the Pacific Coast Steamship Company, and C. G. Crueger, district passenger agent of the Pacific Mail Steamship Company, called at the Board of Harbor Commissioners' office yesterday for information regarding the new ordinance regulating the advertising of steamship lines using the port of Los Angeles. Other representatives of steamship lines have called within the past few days for similar information.

Both Brent and Crueger stated yesterday that they would cheerfully comply with the rigid provisions of the new ordinance, and that their companies would welcome provisions that would prevent misrepresentation to prospective passengers.

The new ordinance was approved by the Mayor on May 23 and it will become effective on July 1. Its first provision authorizes the Harbor Commission to issue permits to steamship agencies, and provides that each agency shall make application for such permit, stating particularly as to the character of vessels operated, with details as to equipment, etc.

It then provides that it shall be unlawful to circulate, publish or exhibit any announcement offering transportation of passengers or rats or fare unless the correct name of the vessel, its registered tonnage and character, be fully set forth, with a statement of the nature of the facilities for accommodation of passengers and the number of lifeboats, life rafts and other life-saving appliances carried on the vessel.

No picture or cut other than that of the particular vessel or vessels referred to in the notice to be exhibited on any printed matter or exhibit of the company. No false statement made wilfully to the prospective passenger or purchaser of tickets as to name, registered tonnage, time of departure, accommodations for passengers or equipment of the vessel. Each agency operating in this city must conspicuously post a copy of this ordinance at its place of business.

A violation of these provisions is made a misdemeanor, punishable with a fine of not to exceed \$100 or imprisonment for not to exceed 100 days, or both fine and imprisonment.

The passage of this ordinance was brought about by the request of the Harbor Commission, which has been receiving complaints from time to time of inconvenience and hardships imposed upon passengers by misrepresentation of steamship ticket sellers as to accommodations on certain vessels and time of sailing from San Pedro. In some cases, it was reported, prospective passengers were sent to San Pedro to take ship and had to wait twenty-four hours for their vessel to sail, and in other cases there was gross misrepresentation as to the accommodations.

## THEY OBJECT.

**WOULDN'T LEASE UTILITIES.**  
Charles E. Warner, chairman of the Aqueduct Investigating Board, and E. C. Cady and H. A. Hart, members of this board, yesterday adopted a resolution declaring themselves as a majority of this board in favor of the city retaining control of any public utility or property to which it has or may come into possession.

The resolution recites that the citizens on several occasions have declared themselves in favor of municipal control and operation of the aqueduct, and particularly the distribution of the Owens River water and power; that recently there has been publicly advocated the policy of the city turning over to private interests the distribution of the surplus water from the Los Angeles aqueduct, and that heretofore the proposition to turn over to private corporations the aqueduct power for private distribution of the same, and that municipal operation of public utilities by virtue of the publicity that must attach to such operation, is a safeguard to economical operation and removes from political a source of corruption.

After these statements the resolution then declares: "Resolved, That we, the undersigned, being a majority of the Aqueduct Investigating Board, do hereby declare ourselves as unalterably opposed to any plan to turn over at any time to private interests any sort of control of any of the property of the city of Los Angeles, and we further declare ourselves in favor of municipal operation and management to the fullest extent of all property now belonging to the city, and after to be acquired by the city of Los Angeles."

## Too Much Noise.

Secretary McKee of the Fire Commission yesterday sent to the managers of Luna Park notices from the commission that complaints are being received about the noise of the explosions produced at a naval exhibit at the park, and notifying them that the charges of powder must be reduced or the exhibits less frequent, or the permit for the same may be revoked.

**Two Appointments.**  
Mayor Alexander yesterday announced two new appointments. Mrs. Eleanor Strohm Macauley is ap-

pointed a member of the Housing Commission, vice Miss Elizabeth L. Kenner, resigned. I. E. Storey was appointed superintendent of the Fire Alarm and Police Telegraph Department.

## Offers a Fire Trap.

The Crescent Wharf and Warehouse Company yesterday made an offer to the Fire Commission to lease to the city a fire trap now being built for the inner harbor at San Pedro for a rental of \$250 per month. The vessel will be sixty feet in length, with four-foot six-inch draft and be fitted with modern equipment. The Fire Commission has a contract with the Hanning Company for two fireboats. The new proposition was referred to Fire Chief Eley for investigation.

## Minor Appointment.

Frank W. Bundy was given an emergency appointment as assistant sealer of weights and measures, yesterday, by the Mayor. He takes the place vacated by J. D. Irons, who was placed at the head of this department. The position carries a salary of \$30 per month.

## Law Doesn't Apply.

The Public Service Board has been given an opinion by its law department that the provisions of the charter rules for the conduct of the department are entirely within its jurisdiction, so that it is unnecessary to the Civil Service provisions if it determines to continue to keep the water department office open on Saturdays afternoons for the accommodation of the public.

## Would Build Storm Drain.

The Pacific Electric Company has notified the Board of Public Works that on account of the construction of a spur track to connect the Southern Pacific and the Pacific Electric tracks at Aliso and Lyons streets it will be necessary to construct a storm drain. The company proposes to do the matter was referred yesterday to the City Attorney for a report.

## A Free Lunch Has Friends.

The Associated Liquor Industries of Los Angeles yesterday filed an appeal to the City Council in which it "remonstrates and vigorously protests" against the passage of an amendment to the liquor ordinance abolishing the free lunch at retail liquor establishments. This protest states that such an amendment would work a hardship and inconvenience on the many thousands of patrons of these establishments who are in the habit of taking some solid food with their drinks, and that it would not promote temperance, but would tend to increase drunkenness.

The draft of the ordinance is now in the hands of the City Attorney and will be reported to the Legislative Committee this week, at which time it is probable the committee will set a time for public hearing on the proposed amendment.

## Will Replace Old Work.

Twenty-two years ago Second street from Main to Los Angeles and Los Angeles street from First to Second were paved with granite blocks under specifications calling for four inches of granite and three inches of sand, beneath. The paving is now badly sunk because of the lack of a concrete base, and after the twenty-two years of service the old paving is to be replaced if the City Council today votes to accept the recommendation of the City Engineer and the Board of Public Works. The recommendation is for asphalt paving with a six-inch concrete base and the granite block gutters one and a half feet wide.

## Will Rebuild Lake.

The Park Commission decided yesterday to rebuild Hollenbeck lake, which has been dry while the sewer running underneath it has been repaired, and the lake will be turned in this month. A bathhouse is to be erected and free storage of boats will be granted to encourage boating on this lake. Chemicals are to be placed in the water to prevent the accumulation of algae and the breeding of mosquitoes.

## At the Courthouse.

## INTRODUCTION MAY ALTER IT.

## SHE MAY BE CHAUFFEUR'S WIFE UNDER MISSOURI LAW.

Girl's Sister Says He Introduced Her as His Wife, and Court Is Investigating to See if That Constitutes Common Law Marriage in that State.

Harry Simpson, a chauffeur, listened closely yesterday when Judge Wilbur asked Agnes Lindberg, a Kansas City girl, if it would be any reproach if Simpson married her. It was a crucial moment to the chauffeur, who was charged with having duped the girl into believing that she was his wife.

"No, sir," she said. "He deceived me once. I could not trust him again. I would have married him if he had explained to me why he had done this. I loved him."

Simpson blinked as Agnes concluded, for the shot an angry look at him. He had pleaded guilty to having contributed to the delinquency of Agnes, and his attorney asked for probation. Since the first examination, however, new evidence had been produced which altered the aspect of the case.

Mrs. Doris McDermott of Kansas City, a sister of Agnes, came here to stand by her sister. She testified that Agnes had been engaged to Harry and that on the day they left for Los Angeles, last September, she had asked what it meant and Harry told her he had married Agnes and that they were leaving for San Francisco. McDermott said she sat down and cried.

This testimony and the further evidence that Harry had introduced Agnes as his wife at the Kansas City station raised the question at the hearing yesterday whether, under the laws of Missouri, it did not constitute a common-law marriage. This would make the offense to be dealt with in the jurisdiction of that State. Judge Wilbur continued the matter for further consideration tomorrow.

## CLEANING THE DECKS.

**PROMISING DIVORCE FIGHT.**  
Developments are promised when the divorce suit of Laura C. Cummings is tried. The case came before

Judge Monroe yesterday on an order to show cause, and during the testimony it was stated that N. P. Cummings, the husband, is a hospital patient.

The couple were married in 1905 and it appears there was a property settlement in 1909, but they came together two months later in New Orleans.

Cummings, a realty dealer, denies there was a property settlement, but Mrs. Cummings alleges that she lived with her wife after the agreement was drawn up, abrogated it. Mrs. Cummings brought a suit for separate maintenance and later commenced an action for divorce. Judge Monroe consolidated the two actions yesterday, which solved one difficulty.

It appeared further that Cummings' property is tied up by an injunction against him, which he is worth \$50,000. He says \$23000 is cash in bank. The court made an order allowing Cummings to draw on half of this amount for his expenses. Another order authorizes the banks to honor Mrs. Cummings' checks to the extent of \$150 a month for her support until November 1. The date of the trial will be set some time in October.

## HEIRS IN CONTEST.

## TO SET ASIDE DEED.

The collected heirs of Mrs. A. M. Shankwin, who died in October, 1908, will contest in Extra Sessions One before a jury today, the disposition of the estate valued at \$74,000, which was devised for the maintenance of the Young Men's Home Association.

Mrs. Shankwin's husband and only child both died, and some time before her death she conceived the idea of establishing a home for young men where they would be safeguarded against temptations which beset their path. The deed was executed and she also drew a will covering the conditions in her will.

The suit to set aside the deed on the ground that Mrs. Shankwin at the time she executed it and also at the time she made her will was unsound mind, was brought by a nephew, W. H. Gibbs, and others. The association is headed by Attorney Frank G. Bryant is counsel for the contestants.

## THEY DRAW LINES.

## COURT SETTLES PROBLEM.

Grace, the 4-year-old daughter of Mr. and Mrs. Daniel C. Johnson, of No. 1101 North Paso Robles avenue, Pasadena, was the center of a battle in Judge Monroe's court yesterday. Johnson is suing for divorce.

The child has been in the custody of friends who are about to leave for the East. Mrs. Johnson submitted the names of persons who would be suitable to have the custody of the child. Johnson objected to the list, and furnished the names of those he preferred.

## SHE CLAIMS MACHINE.

## MOTHER SUES ADMINISTRATOR.

Mrs. H. S. Switzer filed suit against Henry Newby, administrator of the estate of her son, Calbraith P. Rodgers, yesterday, claiming \$2500 for a judgment of \$2500 for an airplane which she alleges Rodgers sold her but which she now claims by the administrator as an asset of the estate.

Mrs. Switzer asserts she bought a model B Wright airplane and received a bill of sale dated at the Plaza Hotel, Lincoln Park, Chicago. The airplane is in storage and she is unable to locate it. She was a resident of Washington, D. C., for thirty years. She was a cousin of William Rice, a millionaire, who was slain in Kent, Ohio, and resided in the noted trial at Lima, O., July 4.

## COURT MEANS BUSINESS.

## JAIL THREATENS WATCHMAN.

A. L. Brill, a watchman, gave a flippant answer yesterday to Judge Monroe's question as to how he had paid his lawyer. He was before the court on an order to show cause why he should not pay alimony.

The question was repeated with emphasis. "I will not pay alimony," said Brill. Judge Monroe ordered the bailiff to take Brill to the County Jail for contempt. Brill was about to place his hand on Brill's shoulder, the watchman answered that he had paid \$2.

## WINDING UP ESTATE.

Miss Brown educated Siddons, who became a member of the law firm of Ralston & Siddons, D. C., for thirty years. She was a cousin of William Rice, a millionaire, who was slain in Kent, Ohio, and resided in the noted trial at Lima, O., July 4.

## COURTHOUSE NOTES.

## BREVITIES MISCELLANEOUS.

**CHECKER CAREER.** R. M. Ruckert, a youth, who was arrested in San Bernardino and charged with theft, yesterday was committed to the State School at Lone until he is 21, by Judge Wilbur yesterday. That money was used to pay the fines of the less fortunate ones who spent the night in jail.

## Case of Mistaken Identity.

"You are charged with having been drunk and in possession of a firearm," declared Judge M. M. Carmona to W. H. Gebera, in Police Judge Rose's court yesterday. "The policeman says you were," persisted the interpreter. "He's mistaken." An investigation revealed that Gebera, charged with having carried concealed weapons, was arrested by mistake for Pedro Hernandez, who was then undergoing an examination in the identification bureau. Gebera was fined \$20 for having a long-bladed knife in his possession,

pany that the warehouse was fire-proof. Amended complaints will be filed. These suits are brought to recover judgment for goods stored in the Jenkins warehouse, which was destroyed by fire.

**SUSTAINS DEMURRER.** Judge Courtney sustained the demurrer of the city yesterday to the complaint of Sidney Dell, who sought to recover judgment for \$10,000 for professional services rendered the municipality safeguarding the title to about 154 acres of the airport, the burned lands known as the Miner fill. Dell alleged that these services covered a period from February 8, 1906, to January 11, 1911. Dell declared he will either amend the complaint or take the case to the Supreme Court. He was represented yesterday by former Judge Gray. Deputy City Attorney Pena argued for the city.

**TO GUESS DEATH VALLEY'S RIDDLE.**

SPECTACULAR "SCOTT" BEFORE GRAND JURY TODAY.

Anticipated that Edgins of the Panamint Will No Longer Be Able to Keep His Source of His Mysterious Wealth—Hinted that He's Only a Kind of Press Agent.

Walter Scott, spectacular "Scotty" of the Panamint, picture-maker of mysterious "gold-bearing" lodes rich with free gold, "hired" a special train across the continent, companionable man-about-town who insists on everybody drinking with him when he enters a saloon—that is one picture, principally limited by the man himself, who now spends his time in the County Jail on a commitment for contempt of court.

There is another picture of the same individual, however, and the District Attorney's office purposes to draw it in bold outline for the consideration of the grand jury this morning.

Witnesses have been summoned to appear today and tell what they know of Scotty and of the money that he has always had on hand. They are also to be asked to explain what the source of Scotty's seemingly inexhaustible treasure was and why it was furnished to him.

More than this, it was persistently rumored yesterday that the center of so much publicity has confessed. But Scotty denied this, and Deputy District Attorney Horton, while refusing to discuss any matter before the jury, agreed that no confession had been made.

The story as Horton will probably lay it before the grand jury is that certain capitalists interested in Southern Nevada mining decided to exploit some property in the Death Valley region, relying on the fascination that has always surrounded that little-known region to advertise their work. It is charged that Scotty was employed by these men to go to New York and make a theatrical exhibit of his wealth, but he was never to tell where he had discovered it. Then his find, it is alleged, was used secretly and in "confidence" to induce investments. It will probably further be testified that, as time passed and the investors received no returns, stories were set afloat that Scotty would not go to his "mine" because he was afraid of being followed.

Finally the investors became impatient, and Scotty, according to the evidence, had to make a start for the desert treasure-house of which he had told so many stories. On that occasion, the party was ambushed and there was some shooting. The investors who were with him were thoroughly impressed with the dangers of the trail to the wealth of the Panamint and Federal ranges and asked no more of it.

Some persons of prominence in the mining community are declared to be among the witnesses summoned before the jury. Chief Detective Browne of the District Attorney's office has been busy for weeks in collecting the evidence that is now to be laid before the inquest. In the last few days Browne has had placed in his hands the names of men who are said to be able to lay bare the entire story of how Scotty was equipped with rich ore obtained, it

Immigration Officials Discourage Fracas by Jailing Alleged Leaders of Questionable Enterprise.

The local immigration officers, led by Inspector Connell, added another chapter yesterday to the story of cleaning up the gang of alleged Chinese smugglers that has been working up and down the coast for the past three years.

Deputy Inspectors O. F. Miller and H. B. Blee arrested E. Carpenter and C. Kramer, fishermen at Long Beach, charging them with participation in the conspiracy that came to grief when the gasoline schooner America deserted seventeen Chinese contrabands and took to the high seas Saturday and left them on the coast line of San Mateo county.

Details are lacking as to just what part the defendants played with the McGarvin brothers, who were picked up in Long Beach Saturday night. Carpenter and Kramer were brought to Los Angeles and joined the McGarvin brothers in the County Jail. It is expected that four more arrests will be made.

Word was received yesterday that the America had been found ashore at Moss Landing, about thirty miles south of where the starving Chinese were discovered.

The America sailed from Ensenada two weeks ago, and an attempt was made to land the Chinese at Long Beach, but conditions were not favorable. The Chinese were then landed on the island of Catalina, remaining several days, whence they sailed for Oakland, but a hasty exit was made from that port on account of the presence of government officials. Then the America put out for Pescadora, where the load was finally landed.

Growers of Los Nietos Feast and Disport Themselves at Annual Al Fresco Gathering.

Taylor Grove, near Los Nietos, was a scene of animation Sunday when about twenty-five of the largest growers of walnuts in that section gathered under the trees for their annual barbecue and celebration. The big al fresco dinner was followed by races and games in which all the guests distinguished themselves about equally. J. S. Baker and F. C. Fricke acted as hosts on the occasion and their hospitality was voted to be with few equals.

**GIRL WEEPS BITTERLY.**

Fifteen-Year-Old Elmer Repents When Foster-Father Comes to Town to Take Her Back Home.

Miss Dottie Green, the 15-year-old Indian girl who eloped to this city Sunday morning with Oscar Cheatham, also of that place, and was intercepted at the Arcade Depot by Motorcycle Officer Kiersey as she slipped from the train, with the young man, was taken home yesterday by her foster-father, L. B. Green.

"I am not going to prosecute the young man," said the father at headquarters yesterday. "If he were an older man I might do so."

Cheatham, who was retained at the Central station until 4 o'clock, was released, as no charge up to that hour had been lodged against him. He said he intended to go to Dalton, where his grandmother has gone, to escape the heat of the desert country. Eventually he said he would return to his grandfather, Henry Cheatham, a prosperous farmer of the Indian country.

The young people did not see each other yesterday. The girl met her father at the station, where she was taken following her arrest. She threw herself upon his neck and cried bitterly, expressing great sorrow at what had happened. From what Green said the officers gathered that he had entirely forgiven her. "I'm mighty glad to get her back again," he remarked.

The trial will be fixed at the opening of the July term of the court, but will probably not take place before fall.

CITIZEN WAXES FURIOUS.

Objects to Being Stalked by Patrolman Who Seeks to Arrest Chauffeur by Trading Friends.

A. Pinkans was arraigned before Police Judge Rose yesterday on a complaint sworn to by Traffic Officer F. B. Hatch, accusing him of refusing to stop when so ordered while endeavoring to cross at Third and Main streets.

"I never drove an auto in my life," claimed the defendant. "I'm a baker."

"Why didn't you get the man who was driving the machine?" asked the court.

"I told them both to be here, but he didn't come," replied the officer. "I can't hold this man on that complaint," said the court.

"I'll get the other fellow," remarked the officer as he followed Pinkans out of the courtroom.

The defendant had not been gone more than ten minutes before he came rushing back into the court with the remark:

"I want protection, your honor. That officer is following me."

"He is probably following you to locate the man who was riding with you, and who failed to appear in court as ordered," said the justice.

"I don't want him following me," insisted Pinkans.

"I've got no jurisdiction over you," replied Justice Rose. "My authority ended when I dismissed the charge against you. You must go to someone else for the protection you desire."

Flushed with anger, Pinkans left the courtroom during the suppressed laughter of those present.

## WILL COUNCIL DEFY MAYOR?

(Continued From First Page.)

part of the Mayor to remove a faithful and honest public official. It appears almost certain that Councilmen Lusk, Whiffen, Williams, Andrews, Betkowski and Langdon will vote against Hubbard's removal this afternoon. McKenna, Reed and Topham, three of the Mayor's best friends in the Council, will probably vote to sustain him. The Mayor is leaving no stone unturned to swing the Councilmen into line, for he realizes the awkward position he will find himself in if the Council takes the bit in its teeth and runs away.

Several of the Councilmen are in favor of continuing the Hubbard matter one week and such action may be taken today.

**BRANCH NEAR CLIMAX.**

The branch between the Mayor and the Good Government Organization is rapidly racing to a climax. Good Government leaders deny that there is any friction between the Mayor and themselves, but intimate that they are disappointed because the Mayor has not accepted the suggestion contained in the Good Government committee's resolution urging the Mayor to remove the six commissioners at once. The Mayor declared that he knew nothing about the resolution until it was presented to him.

Mayor Bryant, the Mayor's campaign manager and Good Government boss, declares the Mayor knew that the Good Government Organization was to adopt a resolution. Bryant says further that when the resolution was presented the Mayor indicated that he would probably accept the suggestion and put it into effect yesterday.

There isn't any fight between the Mayor and the Good Government Organization, said Bryant. "There may be a difference of opinion, but that is all."

The Mayor refused to discuss the report that he has cut loose from the organization. George Baker Anderson, his secretary, was member of the committee which drafted the resolution.

It was declared yesterday on the highest authority that the Mayor has informed T. E. Gibson and C. B. Richards, harbor commissioners, that he will not request their resignations. The Mayor absolutely refused to commit himself on this phase of the mix-up.

The Budget Committee of the Council met yesterday and raised the salary of Harbor Commissioner Secretary from \$118 to \$120 a month. On Saturday the committee cut it from \$250 to \$116.

## WEARS SIXTEEN DIAMOND RINGS.

GEMS A-GLITTER DAZZLE POLICE SEEKING EVIDENCE.

Accused Wife of Auto Man Fights Policemen, but After Escape Is Impressed She Confesses to Selling Beauty Formulae Which Detectives Say Are Fraudulent.

A fashionably-dressed and diamond-bedizened woman, giving her name as Mrs. Crystal Bartee, wife of Ed Bartee of the Commercial Motor Maintenance Company, was arrested yesterday afternoon on the charge of swindling scores of women and girls by means of fraudulent beauty formulae.

When confronted with the evidence of her guilt, the prisoner broke down and confessed that she, a conscientious, sincerely regretted having committed a crime to obtain money to induce her husband to leave the country.

The woman's hands were literally covered with sixteen diamond rings. The arrest of Mrs. Bartee was made by Mrs. Althea Gilbert, a police officer connected with the Juvenile Department, who recognized the alleged swindler as the woman who had been crowned with gold.

Upon being accosted by the policeman, Mrs. Bartee became indignant, and denied that she was the woman wanted, but when, a few minutes later, she attempted to break away from the officer, it was decided to take her to the office of Chief Sebastian that her identity might be ascertained.

As the woman was about to ascend the stairs at the Temple Hotel, the prisoner once more tried to get away, and fought her captor until she became exhausted and fell in a faint.

Upon being revived the woman was accused of accepting \$50 from Mrs. A. Stewart of No. 127 Carr street in return for a supposed formula guaranteed to remove deep wrinkles and restore the complexion to a babylike freshness. An examination of the alleged receipt showed that it called for the use of chemically-pure carbolic acid to be applied with a brush, and in nearly every case of use, the victims were horribly burned when they applied the supposed cosmetic.

Mrs. C. F. Becker of No. 742 Towne avenue was another victim of the alleged swindler's wiles, and parted with \$10 in exchange for the receipt supposed to produce marvelous results, but which was later discovered to be not only worthless, but dangerous.

The prisoner said that she had obtained her "customers" by advertising and requesting that answers be sent in care of a box number. In no case did she allow them to know where she lived, and the exchange of money invariably took place at the homes of her beauty-seeking clients.

When pressed for further information regarding her career, Mrs. Bartee declared that she had lived on Queen Ann avenue, Seattle. On her arrival here Mrs. Bartee said she went to live at No. 1713 Pleasanton avenue.

In explanation of possessing so many diamond rings, in addition to ear-rings, sunbursts and necklaces, the prisoner declared that she always "accommodated" her clients who would credit her by taking their jewelry in exchange for the carbolic acid prescription.

This statement, however, is not entirely credited by the police, and an endeavor will be made to trace the property to its original owners. The prisoner appears to be about 30 years old, and is of striking appearance. She admits having obtained a large clientele.

**Glacier Point Trail Now Open**

In the Yosemite valley, camping is fast becoming a popular outdoor recreation. The Glacier Point trail, which is about 10 miles long, and is of striking appearance. She admits having obtained a large clientele.

**DOUBLE BILKING CHARGED.**

A warrant was issued by Deputy District Attorney Blair yesterday for the arrest of Channel Banks on an embezzlement charge. Ben Kelso told Blair he sent Banks out with a prospective purchaser for his automobile last Saturday. The customer was ready to buy the machine at noon yesterday, but Banks, who had been told that Banks had taken the machine to San Francisco.

**WIRELESS BY DICTAPHONE.**

Something of a novelty in wireless telegraphy instruction has just been introduced by the Mackay Business College of this city. The dots and dashes emitted by the wireless sounder are caught and recorded by a phonograph, which later reproduces them through a dictating machine to any desired number of pupils.

**BAIRD UNDECEIT.**

W. S. Baird, former justice of the peace in the local courts, stated yesterday that he is not certain whether he will be a candidate for the State Senate. He said the report that he has entered the District Attorney's office is not true, and that he was retained as a special prosecutor in a recent criminal case.

(Continued From First Page.)

Use, for many of the union-labor leaders of the country have been similarly indicted. But the defense knows that Twitmore's record can be proved from his early life in Minnesota to the present day. They appear to realize the possible effect of revelations that might unexpectedly crop out in the questioning of the most prominent union-labor leader in the West.

Johannsen was handled without gloves Saturday. Time after time the walking delegate for the building trades and the state senate in the reply: "I refuse to answer."

Once he asked the court to shield him from the attack of Capt. Frederick Johannsen. Johannsen was perfectly willing to assume blame for taking a witness from the custody of the court, but would not be asked to do so.

In the opinion of many, the defense made a serious mistake in putting on two such witnesses to help out Darrow. Twitmore and Johannsen are particularly vulnerable from the standpoint of the prosecution, and their being placed on the witness stand was a tactical error.

The halting of the regular procedure of the prosecution by Judge Hutton at the request of Attorney Rogers has caused more comment than any court proceeding for a long time. Opinions have been diverse.

But whether advantage might have been gained by the defense in having the two labor-union leaders assume the responsibility of taking Mrs. Caplan out of the state senate in connection with the Caplan episode.

From the first Darrow has maintained that he knew nothing of the incident until it was taken him long after the woman was taken out of the state.

Should it become necessary for Darrow to assume charge of his own case, it is generally believed by the court that he will make a strong showing. In the securing of the jury in the McNamara trial, he showed a large knowledge of human nature in his queries to the talesmen and his arguments to the court were generally forceful and to the point. He lost one cable lawyer, former Judge McNutt died, in the early part of the trial, and W. H. Rogers was for a time away from the defense, has never appeared in trial.

Beale Rogers and Appel, Attorneys Geisler and Dehn, two lawyers in Rogers's office, have aided Darrow. The prosecution has been represented throughout by Frederick Ford and Keatch.

**FOR FLOOD SUFFERERS.**

In response to the late appeal to the Mayor from the Mayor's Southern Flood Relief Committee of New Orleans, for further funds for the relief of sufferers from the recent great floods in the Mississippi Valley, Manager Jacobs of the Olympic Theater on Main street proffered the use of his playhouse for a benefit performance to be given on the afternoon of Thursday, the 25th inst. The theater management and a committee selected by the Mayor will work together toward making the affair a financial success. The gross receipts from the sale of tickets will be turned over to the Mayor to be forwarded to the Flood Relief Committee.

## WHIT'S FROM THE OLD SPORT BIPE

BY DE WITT VAN COURT.

Joe Rivers broke into his hard grind for the Fourth of July night yesterday afternoon, and is going at his work with more vim than at any time I have seen him. He boxed two rounds with Len Lander. Len is one of the cleverest boys that were ever turned out of Los Angeles, but Joe made Len look like an amateur. I do not say this to take anything from Lander, but just to show how much Joe Rivers is improving.

Many think that Rivers will soon outgrow the lightweight class, but I hardly think he will. When you take a good look at him stripped, he shows signs of early development, but his legs are light and his shoulders so broad that it gives one the impression he is really larger than he is. His shoulders are developed like those of a fully developed man, and are very powerful. His speed is improving right along, and by the time he enters the ring, if he does not have any setbacks, in the way of accidents, he will be like a streak of greased lightning.

Joe is a little careless about his work, not at all lazy, but he has taken such a fancy to that big bulldog of his, that he is taking chances in fooling with him. Several times yesterday, the bull would rush at Joe and jump at him, and sooner or later, if he is not careful, the dog will grab him good and hard and cripple him.

When Joe hears that piano going and has his dog around he acts like a little kid just out of school. He cannot keep still when he hears music. Yesterday I found him in his dressing-room dressing for his work. Just as he was reaching out for his shirt, that ragtime player started a lively rag, and Joe just started dancing as hard and fast as he could.

Just then Willie struck a high note in a song and he and Joe finished it together. Joe Levy butted in, all smiles, and said, "Listen, this boy does not seem to take this fight seriously as far as his chances are concerned. But just watch him from today on. I am going to increase his work each day for the next ten days, then ease off until the time of the fight."

"Joe cannot take any chances with his hands and I do not intend to let him. He will enter that ring without a more spot or blemish on him, and will be ready for all the rough stuff that Ad Wolgast can hand out, and while he is doing it, he had better look to it that he does not get some of it himself."

Bob Smith, who has been the official announcer for the Pacific Athletic Club for the past three years has resigned. Bob has too much to attend to down at Venice. The fans will miss Bob. Like Pat Al, it would seem like looking at a fight in a new town, not to see Al holding that watch. Bob will also be missed. His usual characteristic announcements were always enjoyed by the fans. Old Billy Jordan of San Francisco, the man who has announced more fights than any other in the world, has been at it for the past forty years. Billy is nearly 60 years old, but still has a good strong voice. Bob was not on hand at the last fight, so Charlie McHugh took his place. After the first announcement, someone asked Charlie if he had a good voice, and no doubt it will be hard to get a man that can beat him.

Jack White and Harry Thomas each want a crack at Johnny Kilbane. Each claim the right from their showing a few weeks ago. It will be remembered that Harry took Owen Moran's place on a few days' notice and made a fine showing. Harry is nearer Kilbane's weight than White, while he might make the weight, he would hardly be as strong as he would a little heavier. Thomas and Johnny would make a very interesting go. They fight very much alike, are very fast and clever. This would make an international featherweight contest, and would be about as good as anything seen in Los Angeles.

White is entitled to another match and no doubt will get it, but a match between him and Moran would be more to the real thing. In both cases the boys are very evenly matched and

### WOMAN AVIATOR PLUNGES TO DEATH.

(A. P. NIGHT WIRE TO THE TIMES.) SPRINGFIELD (Ill.) June 17.—Mrs. Julia Clarke of Denver, an aviator, was killed during a practice flight at the State Fair grounds this evening.

The tip of the wing of the biplane in which she was flying struck the limb of a tree in the center of the racetrack enclosure and the machine dashed to the ground, turning turtle.

Mrs. Clarke's skull was crushed. She was rushed to a hospital in an automobile and died a few minutes afterward. The woman was unconscious from the time the accident occurred until the time of her death. Only a few spectators saw the tragedy, as Mrs. Clarke was making a practice flight preparatory to the exhibition to be given here next Friday and Saturday.

### BOTH BOYS WANT CHAMP.

Thomas and Jack White Are Rivals for Kilbane.

Chicken Sandwiches Held Thomas Back.

Would Show What He Could Do Without Poultry.

Loud echo from Jack White's fight headquarters—No-o-o.

Jack is unanimously in favor of vetoing Uncle Tom McCar's negotiations for a world's championship fight between Johnny Kilbane and Harry Thomas.

Uncle Tom seems to have overlooked somebody, said Jack's manager, Fred Gilmore, yesterday, when he heard of the Kilbane-Thomas negotiations. "We are the people entitled

Jack White.

to the next fight with Johnny Kilbane.

"Jack fights Owen Moran on July 20. If he wins that fight he is certainly more entitled to a chance with Johnny Kilbane than this boy who just got off the train."

Gilmore says that White made the worst showing of his career against Harry Thomas, and ordinarily could have beaten him easily.

"Every fighter has his off days," says Gilmore, "and this was Jack's."

Jimmie Johnson, on the other hand, should have the fight with Johnny Kilbane.

"Harry has more class than Jack White and is the only one with any license to challenge the Cleveland boy for the featherweight championship of the world."

HARRY WAS FAT.

Jimmie says that his protegee could easily have beaten Jack White if he had had any warning that he would be called upon to fight.

As every one knows, little Thomas went into the ring as fat as a Christmas pig. There is a very peculiar reason for his lack of condition.

When Johnson brought the little Britisher out here, he also brought Tommy Moloney, a lightweight, who is just breaking into fast company in the fight game.

Although Tommy is a tough little slugger in the ring, he is the darling child of a very devoted mother on East Side in New York.

When Jimmie started out to California with the whole family, evident thought it was going to something like a voyage to Egypt.

Tommy came down to the train with a big suit case and a very small bag.

"Jimmie," he said, anxiously, as the train was pulling out, "I didn't have no room for no underclothes; will I be able to buy them on the way?"

TRUNK FULL OF GRUB.

"Suffering snakes," gasped Jimmie. "No room for underclothes; what have you got in those suit cases?"

"In this one," said Tommy, holding up the small bag, "I got me fightin' clothes."

"What have you got in the trunk, then?" asked Jimmie, pointing to the large one.

"In that is me lunch," replied Tommy with dignity.

Jimmie Johnson tore open the suit case and found it packed full of chicken sandwiches. "There were enough chicken sandwiches," said Jimmie, in relating the sad story, "to have won over all the colored delegates in the national convention. There were enough chicken sandwiches to support an army for a month."

SANDWICH DERAUCH.

"The boy's mother must have bought out a bakery and wrecked a poultry farm to get up that lunch."

Jimmie says that Harry Thomas and Moloney began to nose around the sandwiches before they got out of the shadows of the tall buildings.

"On the level," said Jimmie, "those two boys never stopped eating day or night. From New York to Salt Lake City I never saw either of them without a poultry collation. Tommy Moloney could get the solid vote of the Pullman Porters' Union if he ran for king."

### VERY LITTLE BOXING; MUCH HAY PITCHING.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

WHEELER SPRINGS, June 17.—Ad Wolgast added another queer stunt to his training camp collection tonight when he went in bathing in the Springs after dark.

He got up this morning very early and had breakfast, after which he peeled off his clothes but a breech cloth and went on a dog trot to a ranch nine miles from camp. He worked all day with the farm hands pitching hay and came back tonight, running all the way.

Pate McVey escorted Mrs. Wolgast and Mrs. Jones out for a horseback ride this morning. A short distance from the camp they started a deer. Mrs. Jones tried to take a picture of the deer but got buck fever, and couldn't untangle the camera. Pate got so excited at the sight of the game that he fell off his horse in a creek and had to swim for shore. The deer finally got tired of the scene and wandered away.

Ad says that he will stay in the

mountains until a week before the fight. He will not train more than seven days at the most. In Doyle's training camp.

"I figure that this will be a plain case of strength and stamina," said Ad today. "Rivers seems to be training for a fancy boxing match; I am training for a fight. All the boxing I will need will be those six or seven days at Doyle's to get my eye in the right shape and brush up on my judgment of distance. I am going after the Mexican hard from the start. I believe it will be a big advantage to get him in the early part of the fight."

Ad was very much pestered to read that White has written to his brother that Rivers will beat the champ.

"I don't see how Rivers can do that out," said Wolgast. "Because Rivers can beat up a sub like Jack White, who weighed several pounds less than he did, is no sign he can get me."

Tom Jones and Jim Jeffries and a party from Los Angeles will come to the camp Tuesday to see the champions in action.

### BOOM ROADS AT LUNCHEON.

Passer Pathfinders Receive Local Encouragement.

Secretary Scott Explains the Movement.

San Diego End of Long Tour Down the State.

Good roads were lauded to the skies and Southern California and Los Angeles praised to the limits of oratorical eloquence at a luncheon given yesterday in the Los Angeles Athletic Club to members of the Passer pathfinders party and A. G. Bachelder, chairman of the Good Roads Committee of the A.A.A. The visitors and several local autoists were guests of L. J. Oller and W. J. LaCrosse of the Los Angeles Studabaker corporation branch.

Bachelder is noted as one of the

Harry Thomas.

most prominent workers for better highways in the country, and his statement that the great American Automobile Association was heartily in accord with the Passer tourists, and their efforts were taken by those present at the luncheon with gratification. Because the Passer is the greatest automobile tour ever devised, taking as it does, garden and desert, ocean and mountain—and all within the borders of California—its recognition will be world wide, and Mr. Bachelder's assurance of co-operation and support in the East will mean much to the Golden West.

W. Gillett Scott, secretary of the Inyo Good Road Club, acted as spokesman for the Passer bunch. He was all enthusiasm for the reception afforded the party by local motorists Sunday, and explained the object of the tour at some length. Other members of the party were loud in their praise of Los Angeles and the Southland, and declare they will leave here as long as possible on the return north from San Diego.

The Passer trail will be blazed onward from here this morning, when the pathfinders leave the L.A.A.C. at 8:30 o'clock on their way via the Coast to San Diego. Since "Passer" is Spanish for after, the great sport will be asked of the four E.M.F.'s, in which the party is riding, and the southern town will not be reached until 5 or 6 o'clock.

San Diego is the southern terminus of the 1600 mile around State tour, and the pathfinders will pass a day or two in side trips to the old mission and points of interest in that vicinity. They will return to Los Angeles either Friday or Saturday, coming inland through Riverside, Redlands and San Bernardino.

Thus far the trip has been unusually successful, as the run down the coast from San Francisco has been made without a vestige of accident. The machines have stood the strain.

### GOVERNOR WILL STOP THE FIGHT.

(A. P. NIGHT WIRE TO THE TIMES.) ALBUQUERQUE (N. M.) June 17.—Gov. McDonald tonight let it be known that he would attempt to prevent the Flynn-Johnson fight at Las Vegas on June 4.

Gov. McDonald's determination was learned from a source the reliability of which is unquestioned. While Gov. McDonald, who was in the city tonight, refused to be quoted in the matter, he reiterated that he stood exactly where he always did on the fight question—that if there was any way by which he could prevent it he would.

It is understood he has been convinced he has ample police power to prevent the contest and that he will exercise this. What the promoters will do in the event the bout is prevented at Las Vegas is not known; but Juarez, Mex., seems to offer the only haven for the contest.

### TOMMY RYAN QUILTS FLYNN CAMP; RUMORS ABROAD.

FOLLOWING the report that the Governor of New Mexico will stop the Johnson-Flynn fight, comes a private telegram to the Los Angeles

newspapers from Tommy Ryan stating that he has quit Flynn's camp.

Ryan's telegram was as follows: "EAST LAS VEGAS, June 17. "Am disgusted with Flynn. He is hog fat and has no chance whatever with Johnson. I refuse to have my name any further in connection with this affair and am leaving the camp tonight."

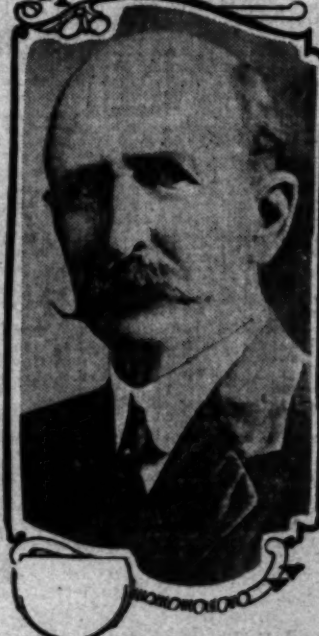

"TOMMY RYAN." A special dispatch to The Times which followed this telegram stated that the cause of Tommy's leaving the camp was not known in Las Vegas. Ryan and Flynn, said the dispatch, have had trouble from the first, owing to Flynn's refusal to follow Ryan's orders as to his training. Promoter Curley and Ryan have also had several disagreements.

The news that the Governor intends to stop this rotten fiasco has been received with unmitigated satisfaction in sporting circles in this city. For a week past the local fight world has been reeking with the smells of scandal wafted from this fight.

The belief of sporting men is that the fight is not "on the level," and never has been. Under normal conditions, Johnson could beat Flynn half to death and take a quiet nap at the same time. But there are signs that those close to the fight are confident that Flynn will win. It is a well known fact that Hackenschmidt, the wrestler, is simply "betting his money off" on Flynn and is advising his intimate friends to do the same. And Hack's manager, it will be remembered, is the same man who now manages Flynn.

AMERICAN ASSOCIATION. Columbus, O., Kansas City, Mo., Toledo, O., Minneapolis, Minn., Indianapolis, Ind., St. Paul, Minn., Louisville, Ky., no game.

Will Prevent Fight. Gov. William C. McDonald of New Mexico, who declares he will use his police powers to prevent the Johnson-Flynn bout.

## FROM THE MASON TO THE MAJESTIC

By JULIAN JOHNSON

Met Goodwin will appear at the Belasco Theater.

The Goodwin-Morocco deal, which was forecasted in this column yesterday morning, came through yesterday. The famous comedian will appear upon the close of John Barrymore's engagement, ending Friday at all probability—again, in the "Oliver Twist" revival.

An announcement of even more interest than that is that Goodwin will appear in the title role of "The Fox" in a revival of the Les Artiste play upon the Belasco stage.

Further, it will probably be Mr. Goodwin who created this part when "The Fox" is produced in New York City.

It is hard to conceive this affable, courtly old rascal falling into better hands than Mr. Goodwin's, who, as a comedian along exactly the lines demanded by the personality of Arthur's singular character, is to this day, unequalled on the American stage.

Everything's not smooth about "The Fortune Hunter."

The Winchell Smith comedy was booked for a third time around, and the owners sorely regret having to give up this territory to a stock production.

It will be given, but perhaps not as Barrymore's opening piece.

The Gaiety Club is about to celebrate its mid-summer jinks by a two-day woodland festival, a la the Hosianna Club of San Francisco.

The "Tyran (Gambol)," the highest prize comedian, calls it.

Out towards Lankersheim and Van Nuys, almost through the Cahuenga Pass, and about one mile from Oak Crest Station on the trolley line, lies one of the most beautiful and wooded spots in Southern California.

Here will be enacted "California," an allegory in seven scenes, by Carl Bronson, with musical features under the baton of Joe Dupuy, and with the stage directed by Ben Souvell.

John McGraw's "Mission Play," still smiling along at a comfortable and prosperous rate in its own theater, seems to have inaugurated a flock of early-California dramas.

See comes Bronson's already for "al fresco" representation, and Morocco has several in the old cheese-box safe at the Burbank Theater.

Property note: "Pop" Fischer's place has a new ground cloth.

Revisits.

JOHN CORT'S SHORT VISIT.

IN LAST NIGHT, GOING OUT THIS MORNING.

Come to See "Pop" of My Heart, Which Will Probably Open His New Theater in New York City, Says in Proportion to Population Out There's Best of the World.

John Cort slid into town last evening and said he would slide out again at 7:40 o'clock this morning. This is not saying that he will, for once upon a time we said he had gone on a considerable period before his actual departure took place.

Last evening Mr. Cort attended "Pop" of My Heart, which he believes is one of the most convincing plays to be produced in this country in two seasons.

"Mr. Morocco and I," said Mr. Cort.

Only One to Finish.

FRENCH FLYER CAPTURES \$10,000 PRIZE IN AIR RACE.

[BY A. P. NIGHT WIRE TO THE TIMES.]

ANGERS, June 17.—Roland Garros, the French aviator, won the grand prize of aviation today. The prize was given by the French Aero Club, and was worth \$10,000.

The distance covered was 633 miles, and the aviator had to complete seven times the triangle, from Angers to Cholet, from Cholet to Saumur to Angers.

Garros was the only one of the seven aviators who started in the race yesterday to complete the three laps set down for the first day's task, which he did in seven hours and fifty-six minutes. His time has not been tabulated.

Roland Garros flies in a Moisant metal monoplane. He was born at

Altitude record: Kolb & Dill, whose "girl in the Train" finds no seats to sit upon every time a performance comes round, tuned up to eighty-four hundred and something at the Majestic Theater last week.

Had they been presenting this veritable two-dollar show at \$2 prices, this would have meant something like seventeen thousand on the week.

Frank Stammers—he doesn't at all, but he's not to blame for his name—cracked the whip yesterday morning, and the ponies and bigger ones cantered into line for the preliminary of "The Politicians."

Aaron Hoffmann, who wrote the piece originally, has worked it over for its California suffragette touch. This interferes in no wise with the characterizations of Kolb & Dill, but a new figure of some importance and considerable humor is introduced.

As it stands now, they tell me that "The Politicians" is the heartiest and longest of all the Kolb & Dill shows.

Past For Shame Item: Cecil Lean had his dimples made up at the Orpheum yesterday.

Seventeen-year-old Inquirer: No, Camille Ober isn't Robert Ober's sister. No, she isn't, or wasn't, and probably won't be, wearing the Ober name by any other right than that her mamma bestowed upon her.

I suggest that Camille lives up her act by putting out a candle in a bottle with a high note.

Kellogg, the nature man, did that very cutely, and he could probably be persuaded to impart his secret to the charming French girl for a few simoleons.

Scandalmonger: Yes, Cecil Lean and Florence Holbrook are still together.

Whatever it was that busted up their lovely party last year couldn't have been so very serious, after all.

Veterans' reunion: Walter Hearn and Treasurer Reed met at the Mason Opera-house box office yesterday afternoon and compared notes on the good old days when they were shooting transfers at that window.

Hops sign: Bill Wyatt was upstairs at the same time, looking over next year's bookings and chucking over the glory that is to be, rather than lamenting over the silence that is.

John Cort and family are guests of Oliver Morocco for a few days.

"are building two theaters in New York at present. The first is to be called the Cort, on Forty-eighth street, and when completed will be the most modern and most thoroughly modern playhouse in America. This house will be completed and ready for occupancy about October 1, and will probably be opened by 'Pop'."

The second theater, as yet unnamed, is larger than the first, is on Forty-sixth street, and will be ready October 1.

"I take such an interest in Los Angeles that I am a regular subscriber to all the morning papers, and when you print a line about me you bet it doesn't slip my observation. If you at it whether I'm in Pasadena or in the Hudson River."

"The strides of Los Angeles in a theatrical way lead the world. I mean this, and I say that my statement is not exaggerated. They are doing big things theatrically in New York and Chicago—yes—but in comparison to the population they are small."

The western vanderbilt in Cort theaters may eventuate, says the magazine, in the course of a few months.

Trouble Ahead.

TIGERS AND BEAVERS TO HOOK UP TODAY.

M'CREEDIE'S Beavers are to open a series of seven games with Vernon, at Washington Park, this afternoon. Sacramento has gone home with the short end of its series with Vernon and will take a crack at the poor Beaks. The Angels are to hook up with Bud Sharpe's fighting Oaks.

Los Angeles and Vernon are traveling just right at the present time. Ellison's men seem to have all kinds of "pop" and everybody is working in fine style. Happy's crowd misses Patterson, Hoop and Castleton, but the team as a whole is putting up almost as good a game as if the line-up was intact. Hoop and Castleton will put

on their uniforms today, but it will be a week or ten days before they will be in shape to get into the game. When the team goes north, after the Portland series, they will be in condition to go along, it is expected.

Hop says the showing of his team against the Senators does not indicate that it is threatening to lose its hold and points to the rousing finish of the series Sunday afternoon, to prove his point.

"Wait and see what we do this week," he said last night. "Portland may be taking a new lease on life, with Gus Fisher back in the game and Peckinpah on the way, but they all look alike to me. We want the series and we're going to grab it."

Julian Eltinge

(Center figure) in a scene from "The Fascinating Widow," one of the autumn attractions at the Mason Opera-house. Eltinge is the most successful and altogether pleasing assumer of feminine roles whom modern theatergoers have ever seen. "The Fascinating Widow" was one of the supreme successes of last season, and is one of the substantial factors behind the erection of the new Julian Eltinge Theater in New York City.

### WHIFFS FROM SPORT PIPE.

about the same weight and it is hoped they will be brought together.

"Well, Joe, you seem to be feeling pretty good," said L. "Tex" he replied. "This seems more like training for a dance than a fight, I am feeling so good. I am not thinking of the fight at all."

The wisest and smartest fighters in the world get it slipped to them once in a while. Johnny Coulton, the little banian champion, had a good one slipped to him in New Haven, a few nights ago. He foolishly signed a set of articles that read, if Johnny was disqualified for any reason, he was to forfeit the \$1000 that he was guaranteed for his work.

Out of about twenty fights, he has lost but one. Who ever heard of Coulton losing on a foul or being disqualified for breaking the rules? I for one will take Johnny's word for that his side of the story is right. It looks very much as though some one was trying to use Johnny for a sure thing, then double crossed him, in some unorthodox-like manner. Any set of articles of this kind would have a suspicious look to me.

A Dallas (Tex.) writer writes thusly of the Chinese queue:

"The pigtail has its advantages and there are quite a number. It protects the ears, for if two Chinese quarrel, and they have tails, they grab one another's. The pigtail is a fine aid to the riverman. If one falls into the river, the riverman jumps into the water and rescues him by his queue, and ties him up to a tree until he can be hauled out. The good use of the tail is for the police, who do not require handcuffs. They can tie two Chinese together and lead them by the pigtails."

"Finally, the pigtail insures peace in the household, for with it the husband is free from being upbraided by his wife, who if he has lost his queue, might describe her husband as 'that despicable creature.'"

"These queues are a bad thing for a fighter. I once saw Ah Wing, the Chinese fighter, fight in San Francisco. He was winning. One of the seconds of his opponent sneaked around the ring and tied his queue to his chair. He then ran back and told his man to rush over and hand it to Ah before he got out of his chair. He followed his instructions to the letter, and as soon as Wing stood up he got a crack in the jaw that nearly finished him. If it had not been for Alex Greenglass, the referee, it would have finished him right there. He was doing with the queue for a fighter."

Luther McCarty, the Pittsburgh heavyweight that is being touted as the coming heavyweight hope, started out as a messenger boy after he ran away from home when he was a kid. His number was 1223 and when he knocked out Carl Morris, it was his thirteenth fight. He was a sailor, cowboy, a lumber Jack and turned his head to anything that would turn a profit. He has traveled all over the world and at one time lived right here in Los Angeles for several months. Luther never lost an opportunity to box with anybody. After knocking out several fellows he finally decided to get into the game and looks at the present time like a corner.

### RACING GAME IN NEW YORK ON TRIAL TODAY.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

NEW YORK BUREAU OF THE TIMES, June 17.—(Special Dispatch.) The fate of racing in this State will be determined by a legal action to be fought out at Hempstead on Tuesday. In the case of the people against Paul Shane of the Belmont Park terminal track, who was arrested on June 4, at the Belmont Park terminal track, the United States District Court will hold its trial.

Race track property computed at \$10,000,000 is vitally concerned in the issue, as well as the turf future of the State itself. Since racing had to be abandoned in Saratoga Spa in 1910, owing to the operation of the lawmaking officials of associations personally liable for any gambling done. The finances of the Saratoga Racing Association have dwindled so low that it was necessary to mortgage the track property recently.

On the fate of Shane hangs any action that might be taken against the directors of the United States meeting, where the alleged violation of the law took place. If the court holds that Shane did not violate the law, no one arrested as an accessory under the directors' liability law can be held.

BELMONT STEPS UP. August Belmont and Perry Belmont have become involved in Shane's case and they intend to fight it to a finish. August Belmont became party to the case through the fact that the course on which the United States held its meeting is the property of the Westchester Racing Association, of which he is president. He stated the liability of his association would be settled. Perry Belmont, after several other members had refused to take the responsibility of being an accessory to Shane's act under the terms of the directors' liability law, has come forward to face the responsibility, if need be.

DAILY BEAUTY HINT: Now that summer is upon us, the face should be kept in a healthy condition, a complexion bath of orange and lemon juice, a complexion bath of orange and lemon juice, a complexion bath of orange and lemon juice.

The magazines and newspapers are filled with articles regarding the war, at whose door is laid much of the blame for the outbreak of the war, and one of the big features is holding a special sale of everything by killing.

Tuesday, today, the day for this discrimination campaign, and there will be found, at especially low prices, the occasion, not only window and door screens, but also the window and door screens, every kind of fly "swatter" and exterminator as well.

If Los Angeles homes are not free from flies this summer it will not be the fault of this store; which will have its part toward forwarding the war on the part of the school boys' "poem."
